ANUAL REPORT

BOSTON AND MAINE

1886-86.

RAILROAD.

WEDNESDAY, DEC. 8, 1886.

FIFTY-THIRD ANNUAL REPORT

OF THE

DIRECTORS

OF THE

BOSTON AND MAINE RAILROAD

TO THE

STOCKHOLDERS,

FOR THE YEAR ENDING SEPTEMBER 30, 1886.

WEDNESDAY, DEC. 8, 1886.

BOSTON: RAND AVERY SUPPLY COMPANY. 1886.

BOSTON AND MAINE RAILROAD.

The Annual Meeting of the Stockholders of the Boston and Maine Railroad will be held at LAWRENCE, in the City Hall, on Wednesday, the eighth day of December, 1886, at half-past ten o'clock A.M., for the following purposes, viz.:—

- 1. To hear and act upon the Report of the Directors.
- 2. To see if the Stockholders will amend Article Third of the By-Laws, by reducing the number of Directors to nine.
 - 3. For the choice of Directors for the ensuing year.
- 4. To consider if the Stockholders will authorize the Directors to unite with the Eastern Railroad Co., or with any other Railroad Corporation or Corporations whose roads now enter the city on the northerly side, in the building or maintenance of a Union Station, and make such arrangements with each other as shall avoid, as far as practicable, the crossings of their several railroads with each other at grade, as provided for in an Act of the Massachusetts Legislature, approved June 16th, 1886.
- 5. To act upon the question of issuing additional "Improvement Bonds."
- 6. For the transaction of any other business which may be legally brought before them.

By order of the Directors.

BOSTON, Nov. 17, 1886.

C. P. JUDD, Clerk.

Stockholders *only* will be passed free *to* and *from* the place of meeting, on exhibiting their certificates to the conductors.

The special Stockholders' trains will leave Great Falls at 7.00 A.M., and Boston at 9.00 A.M., for Lawrence; and will leave Lawrence for Boston at 12.00 M., and for Great Falls at 12.30 P.M.

Stockholders from Portland and stations east of North Berwick will take the train which leaves Portland at 7.30 A.M., and returning to stations between Rollinsford and Portland, will take the trains which leave South Lawrence at 1.46 or 4.46 P.M.

Stockholders are requested to take passage in the trains provided for them, and thus avoid annoying passengers by crowding the regular trains.

Stockholders going from either direction beyond Lawrence, before the adjournment of the meeting, will be charged regular fares between Lawrence and the stations to which they take passage.

By order of the Directors.

JAMES T. FURBER,

Gen'l Manager.

OFFICERS OF THE

BOSTON AND MAINE RAILROAD.

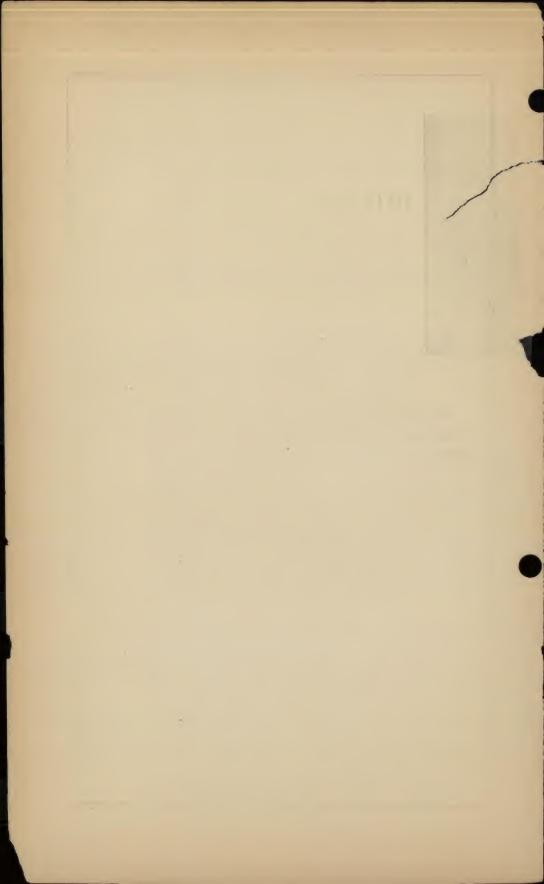

DIRECTORS ELECTED DEC. 9, 1885.

FIFTY-THIRD ANNUAL REPORT.

To the Stockholders of the Boston and Maine Railroad:

The Directors respectfully submit the following report of the operations of the road for the year ending Sept. 30, 1886:—

The gross receipts for the year ending Sept. 30,	
1886, were	\$7,543,691 30
Operating expenses, including taxes, \$259,427 38 .	4,801,793 61
Net earnings	\$2,741,897 69
Interest on funded and unfunded debt, \$255,439 94	
Rent of leased lines 1,365,117 31	1,620,557 25
Surplus of net earnings over fixed charges	\$1,121,340 44
Of this sum there will be paid to the Eastern Railroad	
Company, agreeable to the terms of the lease .	\$421,340 44
And there remains to this Company	700,000 00
Which has been appropriated as follows:	
Dividend paid May 15th, $4\frac{1}{2}\%$ \$315,000 00	
" declared, payable Nov. 15, 5%, 350,000 00	
Balance to the credit of Profit and Loss 35,000 00	
\$700,000 00	

The business of the year—which includes the operation of the Worcester, Nashua and Rochester Railroad for nine months—as compared with that of the previous year, with the same months of the Worcester, Nashua and Rochester road included, is as follows:—

Receipts from passengers in 1886 were	\$4,040,286 41
Being an increase of	349,379 78
Receipts from freight in 1886 were	2,929,766 07
Being an increase of	189,328 35
Receipts from mails in 1886 were	95,448 66
Being a decrease of	2,692 47
Receipts from expresses and extra baggage in 1886	
were	188,381 24
Being an increase of	17,862 16
Receipts from rents, income from property, etc., in	
1886 were	289,808 92
Being an increase of	3,354 78
Increase in receipts from all sources	557,232 60
The operating expenses—excluding taxes, interest on	
Improvement Bonds, and Sinking Fund - for	
1886 were	4,494,162 46
Being an increase of	249,297 33
The taxes for 1886 were	259,247 38
Being an increase of	37,092 89
Control Formance of Office and Press	
General Expenses of Office and Property	
General Expenses of Transportation, 363,190 31	
Passenger Transportation Expenses . 557,253 02	
Freight Transportation Expenses . 651,843 04	
Motive Power Expenses 1,224,514 47	
Maintenance of Cars 476,488 21	
Maintenance of Way and Buildings . 1,058,332 44	
TOTAL OPERATING EXPENSES	\$4,494,162 46
	" ,

Taxes	\$259,247 38
Interest on Improvement Bonds	34,493 77
Sinking Fund for Redemption of Improvement Bonds	13,890 00
TOTAL OPERATING EXPENSES, TAXES, ETC	\$4,801,793 61
Increase in expenses over last year	\$310,682 32
The number of passengers carried last year was	17,022,581
Being an increase over the previous year of	1,111,850
Number carried one mile	224,223,291
Being an increase over the previous year of	14,618,818
The number of tons of merchandise carried the past	
year was	2,703,201
Being an increase of	198,574
Number of tons carried one mile	129,125,871
Being an increase of	1,856,823
The number of miles run the past year was	5,597,492
Being an increase over the past year of	265,478

Thirteen locomotives have been purchased and one has been built by us during the year. Five are for freight service, four for passenger service, and five are switching engines. Eight of them take the place of old ones on the Eastern Division, and four on the Western Division—two only being an addition to our equipment.

Eighty-eight locomotives have been in the shops for general repairs, and 107 for light repairs, at a cost of \$185,434.99. We now have 233 locomotives, of which 103 are our own and 130 belong to our leased lines. The locomotive mileage for the year has been 5,597,492 miles, consuming 124,810 tons of coal.

Two parlor cars, four passenger cars, four combination cars, two mail and passenger cars, three baggage cars,

forty-two box cars, thirty-six platform cars and eight dump cars have been built in our shops. These all, except the parlor cars, take the place of others.

Fifteen passenger cars, two hundred box cars, fifty platform cars and one hundred dump cars have been purchased. Of these, six passenger cars and thirty-five box cars take the place of old ones. The others are additional to our equipment, and are charged to improvement account.

Fifteen hundred and thirty-four United States car-couplers have been attached to our freight cars during the year.

The capacity of our machine shop at Charlestown has been much increased by the addition of the old enginehouse adjoining it (which was vacated by the building of the new engine-house last year), and by the erection of a new office and pattern-house.

The machine shop at East Boston has been abandoned, the best of the machinery having been moved to the shop at Charlestown, and much new machinery has been purchased. The shop, even now, is hardly sufficient for the repair of our increased number of locomotives. The same may be said of our shops at Lawrence and Salem for the repair of cars. They are old and inconvenient, with limited room, and it will be true economy, ere many years, to build at some locality convenient for both divisions of the road, new shops, with all the modern appliances for doing work rapidly and economically.

A new storehouse, 100 feet long, for the keeping of locomotive supplies, has been built, adjoining the new engine-house at Somerville.

The rebuilding of the Medford station—which was commenced last year—has been completed, and we believe is entirely satisfactory to our patrons in that thriving and beautiful town. It is now one of the most comfortable and convenient stations on the line of the road.

The station at Malden has had considerable repairs, and is much improved.

At Oak Grove a new station has been erected.

The citizens of Melrose have for a long time been dissatisfied with the location of the station at that place, considering it inconvenient and dangerous. To meet their wishes, we have — after careful consideration — purchased, at a cost of thirteen thousand dollars, a strip of land on the opposite side of the track, 320 feet long and 90 feet wide, extending from Emerson Street to Cedar Park Street. The present station has been moved upon the lot and will be remodelled and much improved.

At Ward Hill a neat but small station has been built. A small station called Grove Station has been built on the Kennebunkport Branch.

At Great Falls a new brick station is now being built. It has been much needed for many years. When completed it will be an ornament to the town.

The passenger stations of the Western and Eastern Divisions at Portland have been consolidated, and new waiting-rooms and sheds have been built in connection with the old station of the Eastern Division, which has had extensive repairs.

New car-sheds have been built at Gloucester and Wenham.

The Lowell station has had repairs, and a new freight office has been built.

Repairs have been made on the station at Old Orchard, and the grounds much improved.

Extensive repairs have been made on the Middleton and Cliftondale stations, Rochester freight-house, Salem car shops, Beaver Brook coal pocket, Portsmouth and Wolfboro' Junction coal sheds. A carpenters' shop has been built at Lawrence and the paint shop enlarged.

The stations at The Fells, Wyoming, Melrose, Wakefield, Bradford, Haverhill Bridge, Madbury, Salmon Falls, South Berwick, Ipswich, Portsmouth, Malden, Cliftondale, Pleasant Hills, Saugus, East Saugus, Raddins, Phillips Beach, Beach Bluff, Devereux, Middleton, Beaver Brook and Salisbury Point have been painted.

New turn-tables have been put in at Lowell Junction, Exeter, Lowell, Georgetown, North Conway and Marblehead, and new water-tanks have been erected at Lowell and North Berwick.

Eleven thousand nine hundred rods of fence have been built, of which 6,169 rods were on the Western Division, 4,540 rods on the Eastern Division and 1,263 rods on the Worcester, Nashua and Portland Division.

Sixteen sets of street gates have been built, seven taking the place of old ones, and nine being new.

A new bridge, with draw, has been constructed at Mystic River; also a new iron bridge near Exeter, and a new pile bridge at Milton. New Howe trusses have been built at Dover Point. Large repairs have been made on bridges at Boston, Saugus River, Portsmouth, and the long

bridge near Rochester. The high bridge near Swampscott has been nearly filled, and the Rollins', Paul's, Hill's and Cushing's bridges on Dover Branch filled. A new iron bridge has been built at Portland road, Saco, to avoid a grade crossing. The over-head bridges at Park Street, Portland, Broadway and Washington Avenue, Chelsea, Essex Street, Swampscott, and two at Alton Bay have been rebuilt. Two culverts on the Saugus Branch have been rebuilt, and several others on the P., S. & P. road have been partially or entirely rebuilt. One of the abutments of the bridge on the Western Division at Saco, and also one on the Eastern Division at the same place, have been rebuilt.

Side tracks have been laid at Charlestown, Somerville, Oak Grove, Medford, Melrose, Lynnfield, Lawrence, North Andover, Dover, Rollinsford, North Berwick, Wells, Kennebunk, Everett, Everett Junction, Chelsea, Revere, Salem, Newburyport, Rowley, Cape Elizabeth, Portland, East Boston, Saugus, Faulkner, Peabody, Stevens, Gloucester, Rockport, Amesbury, Gonic, Rochester, New Epping, Nashua, Still River and Wolfboro'—aggregating six and two-thirds miles on the Western Division, four and three-fourths miles on the Eastern Division, and one mile on the Worcester, Nashua and Portland Division.

We have laid during the past year 7,689 tons new steel rails, of which 3,330 tons were on the Western Division, 2,819 tons on the Eastern Division and 1,540 tons on the Worcester, Nashua and Portland Division.

Three thousand four hundred and eighty-seven tons of partly worn steel rails removed from the main lines have been laid on the branches, of which 1,853 tons were on the Western Division and 1,634 tons on the Eastern Division; and 740 tons old iron rails have been laid in side tracks.

There have been laid the past year 408,398 ties, of which 126,399 were on the Western Division, 234,387 on the Eastern Division and 47,612 on the Worcester, Nashua and Portland Division.

The South Reading Branch has been almost entirely relaid with steel rails, and the yard at Portland entirely remodelled and much new track laid with steel.

The requirements of our increasing business (principally freight) have made necessary the purchase of a large amount of land at Chelsea, Melrose, Salem, Peabody, Haverhill, Great Falls, Saco and Portland at a cost of \$161,306.

During the last session of the Massachusetts Legislature an Act was passed authorizing this Company and the Eastern Railroad, or the said corporations and any other railroad corporations whose roads enter the City of Boston on the northerly side, to unite in constructing a Union Station, and to re-arrange their tracks in such a manner as shall avoid as far as practicable the crossings of their several roads with each other at grade. This matter of grade crossings has had the consideration of your Directors for many years. At your meeting in December, 1881, the matter was brought to your attention, and you, by your votes, authorized the Directors to apply to the Legislature for power to construct one or more tracks on a raised grade from Mystic River to Boston, and authorized the issuing of bonds to pay for the same. An application was made to the Legislature at the next session for authority to construct an elevated road between the limits named above, but it was opposed by the other roads on the northerly side of the city, and failed of becoming a law.

The union of our road with the Eastern under the lease has, however, changed to some extent the condition of affairs. The entirely inadequate facilities in this city for doing our increasing passenger business make it imperative that the matter shall be no longer delayed.

We would therefore ask that you authorize your Directors to make such arrangements with the Eastern Railroad Company, and with such other roads which enter the city on the northerly side, as may be deemed advisable, to erect a Union Station, and make such changes in the crossings at Charlestown and Somerville as may be practicable, and that you authorize the issuing of Improvement Bonds for that purpose, and the other requirements of the lease of the Eastern Railroad.

The stockholders will remember that at a special meeting called for that purpose, and held at Lawrence, Dec. 9, 1885, the leases to this Company of the Worcester, Nashua and Rochester, and the Portland and Rochester Railroads, previously agreed to by the Directors, were submitted to them for approval, and were both duly approved. The lease of the Worcester, Nashua and Rochester was to take effect January 1st, 1886. Before possession was taken under it; suit was brought in Massachusetts nominally by a stockholder of the Boston and Maine Railroad, and in New Hampshire nominally by stockholders of the Eastern Railroad Company, to enjoin any proceedings under the lease — the claim being in both suits that

the contracting corporations had no power to make the lease. It was deemed desirable to put the validity of the lease beyond all possibility of controversy in the shortest possible time. Accordingly an Act of the Legislature of Massachusetts, approved March 22, 1886, was procured, authorizing and confirming the lease, and immediately thereafter possession was taken under it. As respects the lease of the Portland and Rochester Railroad, the stockholders of that company have not, as yet, finally passed upon the question of approving the lease. Practically this company suffers no inconvenience, because the control of the road is already substantially in its hands through its ownership of the stock. And on several grounds, which it is unnecessary to go into in detail, it has seemed prudent to your Directors to take time to consider whether there are not substantial advantages in permitting the Portland and Rochester Railroad to continue to control and operate its road as an independent organization.

Your Directors have seen no reason to change their minds with regard to the wisdom of the lease of the Worcester, Nashua and Rochester Railroad. We did not take possession of the road until April 1st, for reasons named above, although the road was operated for our account from January 1st. The time has been too short to show what it is capable of doing, but your Directors feel confident that it will prove no burden to the other parts of our system. We append to this report a copy of the lease of the Worcester, Nashua and Rochester Railroad Company.

For detailed information as to the financial operations of your road the past year, we refer you to the report of the Auditor, annexed. In closing this report, we wish to express our sense of the great loss which this corporation has met with in the death of our associate Nathaniel G. White, who died at his summer residence, at Little Boar's Head, Sept. 12th.

Mr. White was connected with this corporation as a Director for twenty-four years, ten of which he served as President. He was ever devoted to the interests entrusted to his charge, and the duties of his office were always faithfully performed.

His noble qualities of mind and heart endeared him personally to his associates and won the respect and esteem of all who knew him.

At the meetings of our Board his cheerful presence and valuable counsel will long be missed.

By order of the Board of Directors.

GEORGE C. LORD, President.

REPORT OF THE AUDITOR.

BOSTON AND MAINE RAILROAD,

ACCOUNTING DEPARTMENT,

BOSTON, Nov. 10, 1886.

To the President and Directors of the Boston and Maine Railroad:

Gentlemen,—I herewith hand you statements showing in detail the results of the operation of the Boston and Maine Railroad for the fiscal year ending Sept. 30, 1886. The cash on hand as stated on balance sheet was verified by me, and found to be correct.

No. 1. Statement of Earnings, Expenses and Disposition of Net Earnings for the year.

No. 2. Profit and Loss Account.

No. 3. General Balance Sheet.

No. 4. Gross Earnings, Operating Expenses, and Net Earnings, by months.

No. 5. Gross Earnings in detail.

No. 6. Operating Expenses in detail.

No. 7. Mileage and Traffic Statistics.

No. 8. Description of Road.

No. 9. Description of Rolling Stock.

No. 10. Steel Rails in Track.

All of which are respectfully submitted.

WILLIAM J. HOBBS,

Auditor.

No. 1.

COPY OF LEASE

OF THE

Worcester, Nashua & Rochester Railroad Company

TO THE

BOSTON AND MAINE RAILROAD.

This Intenture, made in duplicate, this thirtieth day of October, A.D. 1885, by and between the Worcester, Nashua and Rochester Railroad Company, a Corporation existing under and by virtue of the laws of the Commonwealth of Massachusetts, and under and by virtue of the laws of the State of New Hampshire, party of the first part and hereinafter denominated the Lessor, and the Boston and Maine Railroad, a Corporation existing under and by virtue of the laws of said Commonwealth, and under and by virtue of the laws of the States of Maine and New Hampshire, party of the second part and hereinafter denominated the Lessee.

Contineseth, That the said parties each for itself, its successors and assigns, and each in consideration of the grants, covenants and engagements herein made by the other, have granted, covenanted and agreed, and do hereby grant, covenant and agree, each to and with the other, its successors and assigns, as follows, to wit:—

I.

The Lessor doth grant, demise and lease unto the Lessee, its successors and assigns, its railroad and property of every description,—including therein its railroad, lands, branches, tracks, side-tracks, road-beds, superstructure, station-houses, depot grounds, depots, viaducts, bridges, piers, shops, buildings, fixtures, engines, cars, rolling-stock, machinery, tools, furniture, telegraph apparatus, equipment, and all rights, franchises, easements, privileges and appurtenances thereto belonging, together with the right to demand and receive all tolls, rent, revenue, income and profits of the demised premises; including also therein all the right, title and interest of the Lessor in and to any contracts with other railroads, corporations or individuals, and all advantages and benefits to be derived therefrom; excepting, however, from the property herein demised, all supplies and materials, rolling-stock and equipment in process of construction, bills and accounts receivable, the Lessor's shares of its own Capital Stock, and cash on hand at the time when

this lease takes effect; hereby assigning and transferring unto the Lessee all its railroad, railroad property, franchises and assets of every description, except as aforesaid, subject, however, to a mortgage made by the Worcester and Nashua Railroad Company to Charles W. Smith and others, Trustees, dated August first, A.D. 1879, and recorded with Worcester Deeds, Book 1057, page 251, and to a mortgage made by the Nashua and Rochester Railroad to Alexander H. Bullock and others, Trustees, dated February twenty-fifth, A.D. 1874, and approved by the Railroad Commissioners of New Hampshire. March second, A.D 1874, and subject to all other legal obligations and encumbrances.

To have and to hold all and singular the demised premises to the Lessee, its successors and assigns, for and during the term of fifty years from and after the first day of January, A.D. 1886, yielding and paying rent as provided in the article next following, and keeping and performing the terms, conditions and stipulations hereinafter contained on the part of said Lessee to be kept and performed.

II.

The Lessee shall pay to the Lessor, as rent of the demised premises, the sum of two hundred and fifty thousand dollars in each year during the term of this lease, payable semi-annually in equal instalments on the first days of July and Jannary, and the first of said instalments being payable on the first day of July, A.D. 1886, and shall also pay as part of the rent herein reserved all taxes assessed to the Lessor during the term of this lease.

III.

The Lessee shall purchase of the Lessor, at valuations to be fixed by the appraisers provided for in Article VI. of this lease, all rolling-stock and equipment in process of construction, and all materials and supplies on hand and not incorporated into its road or equipment, — steel rails to be taken at the invoice cost to the Lessor.

IV.

The Lessee shall assume all contracts of the Lessor for equipment, supplies, or material not delivered at the time this lease takes effect, and not then paid for, the same on delivery to become the property of the Lessee; shall assume all other contracts of the Lessor, with individuals or corporations, relating to the operation and management of the demised premises so far as said contracts are executory and the benefits thereof are received by the Lessee after this lease takes effect, but shall in no case be responsible for any indebtedness of the Lessor of whatever character, or however or whenever arising, and shall assume and defend at its own cost all suits against the Lessor arising out of or in any way connected with the current use and operation of the demised premises from and after the taking effect of this lease.

V

The Lessee shall use and operate the railroads and properties herein demised, in accordance with the charter of the Lessor and the laws of the Commonwealth of Massachusetts and of the State of New Hampshire, so far as the same are respectively applicable, shall furnish all cars, engines, rollingstock and equipment of every description required in addition to the like property hereby demised, for the due operation of the railroad operated under and by virtue of this lease; shall keep the demised premises reasonably insured, and shall apply the proceeds of any insurance to restoring and replacing the property destroyed, or to making permanent improvements not in the nature of ordinary repairs upon the demised premises; shall apply the proceeds of rolling-stock, equipment, and other personal property herein demised, which it may deem advisable to sell, and which it is hereby authorized to sell at its discretion, so as to substitute therefor like property of equal value; shall replace buildings or structures on the demised premises taken down or removed, and which the Lessee is hereby authorized to take down or remove at its discretion, with other buildings, structures or permanent improvements upon the demised premises, of equal value; shall furnish the directors of the Lessor, not exceeding seven in number, with free annual passes over the railroads of the Lessee as well as over the railroad operated by the Lessee under this lease; shall permit the demised premises to be inspected annually by some competent person appointed by the Lessor, who shall report to the Lessor the condition of said premises, and shall for the purpose of such inspection be furnished with free transportation over the railroad operated by the Lessee under this lease; shall make all returns required by law, and shall furnish the Lessor with such abstracts of its accounts as shall enable it to make all returns required by the Lessor; shall not assign this lease, nor underlet the whole or any part of the demised premises, except such portions thereof as may not be required for railroad uses, without the written assent of the Lessor first had and obtained; shall keep the demised premises in the same condition of repair as the said demised premises are in at the inception of this lease, and shall cause all rolling-stock substituted for that herein demised to be distinguished by appropriate names, numbers or letters; and at the end of the term of this lease, or at any earlier termination thereof from any cause whatever, shall surrender the demised real and personal estate (to be ascertained and determined according to the inventory hereinafter provided for) in the like good order and condition in which they are at the inception of this lease, or may be put during the term, with all improvements thereon or additions thereto: Provided that at the expiration of this lease the Lessor shall pay to the Lessee the value of such improvements and additions to be appraised, unless agreed upon by the parties, by the board of arbitrators provided for in the ninth article of this lease.

VI.

That the property herein demised and to be accounted for upon the termination of this lease may be accurately determined, there shall be made, as of the day when this lease takes effect, a full, complete and particular inventory, description and appraisal of all the estate and property, real and personal, belonging to the Lessor, and coming into the possession of the Lessee by virtue of this lease. Such inventory, description and appraisal shall be made by two competent persons, one selected by each party; in case of their disagreement, they shall refer the matter in difference to some third person, whose decision shall be final. Such inventory, description and appraisal shall be made in duplicate and an original furnished to each party, and shall be evidence of the nature, value and condition of the property demised at the inception of this lease in all cases in which any question of such nature, condition or value may arise.

VII.

The Lessor shall maintain its existence and organization as a corporation, and to that end shall comply with all the requisites and forms of law; shall do all acts and things and execute all legal instruments necessary and proper to put and secure the Lessee in the full enjoyment of all the property, rights, franchises and interests herein demised, and to carry into effect the true intent and meaning of this lease; and shall permit the Lessee to use the name of the Lessor (and hereby grants the use of such name irrevocably) in all legal proceedings and in all cases needful for obtaining, holding and enjoying the premises hereby demised, and for all purposes consistent with the true scope and intent of this lease.

VIII.

This lease is upon the condition that, if the Lessee shall at any time fail to make to the Lessor any of the payments herein stipulated to be made as and for rent of the demised premises, then and in such case the Lessor may at once enter upon the demised premises, and upon any part thereof as for the whole, and expel the Lessee and determine the estate hereby granted, and shall thereupon become seized and possessed of the demised premises and of every part thereof in its original right, and as if this lease had never been made; and upon the further condition, that if the Lessee shall fail to perform any other of the covenants and agreements in this lease contained, and such failure shall continue for six months after written notice of such failure from the directors of the Lessor, the Lessor shall have the like right to enter and expel the Lessee and revest in itself its former estate in the demised premises and every part thereof; provided, however, that such entry by the Lessor for breach of condition shall in no wise prejudice or impair any remedies to which it might otherwise be entitled for arrears of rent or preceding breach of covenants.

IX.

In case of any disagreement between the parties hereto as to the true intent and meaning of this lease or any part thereof, or as to anything done under and by virtue of it or growing out of it, the matter in controversy shall be referred by written submission to the arbitration of the Chairman of the Railroad Commissioners of Massachusetts, the President of the Boston and Albany Railroad Company, and the President of the Boston and Proyidence Railroad Company, for the time being. The arbitrators shall hear the parties, after due notice to each of them, and if either party fail to attend after such notice, may proceed ex parte. The award in writing of said arbitrators or a majority of them, being duly notified to the parties, shall be final and conclusive upon them.

In testimony whereof, the said parties, by their respective presidents and treasurers thereunto duly authorized, have caused their corporate seals to be hereto affixed, and these presents to be executed, the day and year before written.
